## OUR GOAL

The Loom Culture Collection, a unique blend of tradition, and innovation, draws inspiration from the time-honored art of looming. It represents the intricate beauty of handcrafted textiles through a new curved loop design.

The collection includes two standout products: Fabric Legacy, which offers timeless elegance, and Materic Heritage, which delivers a rich, textured experience. By Loom Culture, every tile tells a story of craftsmanship and modernity.

## FABRIC LEGACY

Fabric Legacy is a unique product with intricate tufting that creates a luxurious and organic texture. This brings to life a sophisticated color palette that seamlessly blends neutrals and accents. The result is an elegant and high-end carpet tile that adds a touch of refinement to any space.

The Fabric Legacy Carpet Tiles are deeply connected to traditional fabric design through detailed construction that creates a shiny mesh through a subtle multi-level loop half-circle pattern. They feature eight base colors, ranging from dark to bright and warm gray tones, complemented by eight accent products. This combination allows neutrals to blend seamlessly with the base colors, creating a sophisticated and elegant aesthetic.

### MATERIC HERITAGE

Materic Heritage takes inspiration from traditional textile and fabric culture, reflecting timeless craftsmanship.

It incorporates an intricate construction with a fluid pattern reminiscent of classic tufting techniques.

It blends heritage with contemporary design for a refined and sophisticated flooring solution.

# TRADITION MEETS A NEW ELEGANCE

Materic Heritage Carpet Tiles recreate a tridimensional pattern design inspired by traditional tufting methods.

Thanks to a unique design approach, it blends half-circle patterns with long, organic brush strokes.

This meticulous craftsmanship recalls the artistry of classic textile techniques, standing out as a rich and elegant pattern design.

## Manufacture System

**SOLAR**  
made carpet

VOXFLOOR® builds its own solar power generation system and use clean energy to produce in a sustainable way.

An Environmental Product Declaration (EPD) tells the life cycle story of a product in a single, comprehensive report. The EPD provides information about a product's impact upon the environment, such as global warming potential, smog creation, ozone depletion and water pollution.

Administered by the Singapore Environment Council (SEC) since 1999, It is Singapore's leading environmental standard and certification mark with over 3800 unique products certified across 43 countries.

## Credits Contribution to:

LEED (Leadership in Energy and Environmental Design) is the most widely used green building rating system in the world. LEED certification is a globally recognized symbol of sustainability achievement and leadership.

Our manufacture system has been certified under ISO 9001, ISO 14001 and ISO 45001, which means with the management, production facility and the strict quality controls, VOXFLOOR® represents qualified and trusty products.
