OUR PRODUCT

Zen Glow and Mindful Path embody the essence of **inner peace and self-exploration**. Beyond floor coverings, they invite intentional steps towards tranquility, harmonizing design with mindful living.

Every product within the collection boasts a selection of eight subtle grays and eight vibrant color accents, allowing for endless mix-and-match possibilities. The multi-leveled loop not only enhances performance but also provides heightened durability. Despite its lightweight and uncomplicated design, it opens the door to playful creativity, thanks to the extensive range of color options—a perfect alignment with contemporary design trends.

Manufacture System

SOLAR
made carpet

VOXFLOR builds its own solar power generation system and use clean energy to produce in a sustainable way.

An Environmental Product Declaration (EPD) tells the life cycle story of a product in a single, comprehensive report. The EPD provides information about a product's impact upon the environment, such as global warming potential, smog creation, ozone depletion and water pollution.

Administered by the Singapore Environment Council (SEC) since 1999, It is Singapore's leading environmental standard and certification mark with over 3800 unique products certified across 43 countries.

Credits Contribution to:

LEED (Leadership in Energy and Environmental Design) is the most widely used green building rating system in the world. LEED certification is a globally recognized symbol of sustainability achievement and leadership.

Our manufacture system has been certified under ISO 9001, ISO 14001 and ISO 45001, which means with the management, production facility and the strict quality controls, VOXFLOR® represents qualified and trusty products.

EcoAce-Bac®
GLP No. : 100231

Green Label Plus is an independent testing program that identifies carpet, adhesives, and cushion with very low emissions of VOCs to help improve indoor air quality.

VOXFLOR recommends using its own carpet tile tackifier with rust inhibitor. It is an EC-1 PLUS certified adhesive.

Ultra-Fresh is a portfolio of antimicrobial treatments developed by Thomson Research Associates, Inc. Customer can choose this High-Performance Antimicrobial Technology.

WELL is the leading tool for advancing health and well-being in buildings globally. Register your office, building or other space to leverage WELL's flexible framework for improving health and human experience through design.

Cradle to Cradle Certified® is the global standard for products that are safe, circular and responsibly made. It is to ensure the impact of their products on people and planet is a positive one.
