OUR GOAL

The spiral is a form that appears in many ways, both in natural objects and human creations, **highlighting the intrinsic connection between nature and humanity**. The organic curves of spirals are prevalent in the world around us, inspiring the design of the Spiral Collection. **This collection features two products: Spiral and Spiral Plus. Spiral offers six shades of basic gray and beige, while Spiral Plus introduces six additional accent colors to complement the base grays.** Both options present classic choices with organic patterns, embodying a dynamic and evolving spiral aesthetic.

SPIRAL COLORS

An innovative option that evokes a calm environment through its organic design and subtle colors. The collection features smooth base colors that can be paired with the accent color versions to create unique and captivating pattern designs.

These patterns evoke the natural elegance of spirals, bringing a sense of tranquility and harmony into any space. The versatility of the Spiral Collection makes it ideal for a variety of settings, from residential interiors to commercial environments, where a touch of nature-inspired sophistication is desired. Whether you're aiming to create a minimalist look with the base colors or a more dynamic and vibrant space with the accent shades, the Spiral Collection provides endless possibilities for innovative design.

Manufacture System

SOLAR
made carpet

VOXFLOOR® builds its own solar power generation system and use clean energy to produce in a sustainable way.

An Environmental Product Declaration (EPD) tells the life cycle story of a product in a single, comprehensive report. The EPD provides information about a product's impact upon the environment, such as global warming potential, smog creation, ozone depletion and water pollution.

Administered by the Singapore Environment Council (SEC) since 1999, It is Singapore's leading environmental standard and certification mark with over 3800 unique products certified across 43 countries.

Credits Contribution to:

LEED (Leadership in Energy and Environmental Design) is the most widely used green building rating system in the world. LEED certification is a globally recognized symbol of sustainability achievement and leadership.

Our manufacture system has been certified under ISO 9001, ISO 14001 and ISO 45001, which means with the management, production facility and the strict quality controls, VOXFLOOR® represents qualified and trusty products.
